Dear Mrs Michelle Schreuder-Rankin

This letter serves to again express our heartfelt gratitude for making us the beneficiary of your unselfish generosity to assist the Sibonile School. **THANK YOU!**

Jicama 89 is continually involved in supplying the school with their day-to-day needs. These include food stuffs, consumables, blankets, and stationary and maintenance equipment to mention a few. We also organize a Christmas function at the end of each year for the 190 learners. We also fund them with financial contributions for them to use at their own discretion as they are always in dire need of finances.

We thank you for your generous donation of R8354.61.

The Sibonile School has **100%** black learner compliment and the staff compliment is **100%** black, and at least 75% of the value of the contributions made by the measured entity directly benefits Black South Africans as defined by the BEE Codes of Good Practice.

As you can well imagine it is a constant battle to make ends meet and your sponsorship keeps on encouraging us to do this challenging job.

Thank you for making South Africa a better place!

With kind regards,

PP
